

**Product fiche concerning the Commission Delegated Regulation (EU) No 65/2014 of 1 October 2013 and COMMISSION REGULATION (EU) No 66/2014 of 14 January 2014**

|                                                                                     |                    |
|-------------------------------------------------------------------------------------|--------------------|
| Supplier name or brand                                                              | SMEG               |
| Product code                                                                        | TR103IP2           |
| Energy class first cavity (2002/40/CE)                                              | A                  |
| No. of Cavities                                                                     | 2                  |
| Energy efficiency index                                                             | 95.1               |
| Energy efficiency class                                                             | A                  |
| Energy consumption per cycle in conventional mode                                   | 1.13 KWh           |
| Energy consumption per cycle in fan-forced mode                                     | 0.77 KWh           |
| GAS - Energy consumption conventional mode                                          | 4.07 MJ            |
| GAS - Energy consumption in forced air convection                                   | 2.77 MJ            |
| Heat source first cavity                                                            | Electric           |
| Volume                                                                              | 61 litres          |
| Energy Efficiency Index, second cavity                                              | 120                |
| Energy efficiency class, second cavity                                              | B                  |
| Energy consumption per cycle in the forced convection of the second cavity          | 1.08 KWh           |
| Gas - Energy consumption per cycle in convection of forced air in the second cavity | 3.89 MJ            |
| Heat source second cavity                                                           | Electric           |
| Volume, second cavity                                                               | 84 litres          |
| Product mass                                                                        | 117.800 kg         |
| Type of hob                                                                         | Induction          |
| No. of cooking zones/areas and/or gas burners                                       | 5                  |
| Position zone 1                                                                     | Front left         |
| Position zone 2                                                                     | Rear left          |
| Position zone 3                                                                     | Central            |
| Position zone 4                                                                     | Rear right         |
| Position zone 5                                                                     | Front right        |
| Heating technology zone 1                                                           | Induction - single |
| Heating technology zone 2                                                           | Induction - single |
| Heating technology zone 3                                                           | Induction - single |
| Heating technology zone 4                                                           | Induction - single |
| Heating technology zone 5                                                           | Induction - single |
| Diameter or length/width of zone 1                                                  | 21.0 cm            |
| Diameter or length/width of zone 2                                                  | 18.0 cm            |

06 November 2024

|                                    |             |
|------------------------------------|-------------|
| Diameter or length/width of zone 3 | 27.0 cm     |
| Diameter or length/width of zone 4 | 18.0 cm     |
| Diameter or length/width of zone 5 | 21.0 cm     |
| Energy consumption zone 1          | 199 Wh/Kg   |
| Energy consumption zone 2          | 191 Wh/Kg   |
| Energy consumption zone 3          | 195 Wh/Kg   |
| Energy consumption zone 4          | 190 Wh/Kg   |
| Energy consumption zone 5          | 182 Wh/Kg   |
| Energy consumption for the hob     | 191.4 Wh/Kg |
