HOLCOT OTTOMAN BED

- Always engage the support bar when accessing the storage area
- Beware of entrapment - Never reach in through the mechanism to access the storage area.
- When engaging the ottoman support bar, ensure the slat frame / platform base is raised to the maximum opening extension point i.e. the uppermost height.
- Locate the support bar from under the slat frame / platform base bracket and guide the support bar into the bracket fixed to the bed frame.
- When you are ready to close the ottoman, carefully locate the support bar and lift it upwards out of the bed frame bracket and guide it back under the slat frame/platform base and secure it using the bracket provided.
- Slowly close the ottoman slat frame / platform base

Warning

- You must ensure that the mattress is on the bed frame before operating the lift mechanism - Failure to do so could result in injury.
- Keep hands clear of the mechanism when opening or closing the ottoman.
- Beware of entrapment - Never reach in through the mechanism to access the storage area.
- Always ensure that the ottoman is FULLY opened before accessing the storage area.
- Do not exceed the maximum mattress weight as specified in the table below:

- Use caution when operating, always use the handle when lifting.
- Note: This bed uses a pressurised mechanism.
- To be operated by adults only.
- Please ensure that children and pets are kept away from the bed when operating the lift mechanism.
- Keep children and pets away from the storage area.
- Do not overload the internal storage base.
- Do not stand inside the internal storage area of the bed.
- Before removing the mattress secure the frame to ensure it does not open unexpectedly.
- Do not attempt to lie on the mattress when the ottoman is in the raised position,
- When lifting the ottoman remove all bedding except the fitted sheet.

care instruction

✂ Avoid exposing the furniture to excessive heat or direct sunlight as this can cause deterioration of the colour.

✂ To clean your items, please lightly wipe with a slightly dampened cloth.

✂ Never allow any kind of liquid to remain on your furniture. Absorption can cause finishes to stain
