BEFORE YOU START, HERE IS SOME HELPFUL ADVICE :

Do not use Power Tools

1. We suggest you spend a short time reading through this leaflet and then follow the simple step by step instructions.
2. If you follow the instructions carefully, the end result should be worth the effort.
3. Do not discard any of the packaging until you have checked that you have all the parts and the pack of fittings is correct and you are happy with the product.
4. To ensure an easier assembly, we strongly advise that all fittings are only finger-tightened during initial assembly phase. Only upon completion of the assembly should all fixing points be fully tightened.
5. We recommend a periodic check on all fixing points to make sure they remain fully tightened.
6. Keep any fittings out of children's reach.

CARING FOR YOUR NEW PRODUCT

- **PLEASE NOTE:** GOODS THAT NEED TO BE RETURNED SHOULD BE SENT BACK IN ITS ORIGINAL PACKAGING.
- When assembling your bed, please ensure that you have checked the contents for all relevant parts.
- When tightening bolts, do make sure that they are fully tightened but not forced.
- When moving your fully assembled bed, you must first remove the mattress and lift the frame into position; taking care when lifting and always have two people handling the bed. PLEASE DO NOT DRAG THE BED as this will cause damage to the central support legs and rail. Central legs MUST be in a vertical position at all times.
- Due to the nature of laminate flooring, we recommend that you place non-slip material under the central support legs. This will stop the legs from sliding on laminate/wooden floors and will prevent the bed from collapsing.
- It is advisable to use approved cleaning products when cleaning the furniture and bed frame as certain chemical-based cleaners could have an adverse effect on the bed's finish.
- All of our beds are produced to the highest standards and are packed to avoid damage in transit. Should you find that your new bed does not meet your satisfaction, please contact our Customer

Services Department at 01455 850 150.
